

Foam Injection Operator

Full-time from Oct 2021

- Like to work with a progressive, award-winning Southland company?
- Keen to be part of an energetic team?
- Enjoy creating quality products?

Fi Innovations Ltd is in an exciting growth phase. We're experiencing expansion in our foam injection and industrial/recreational fibreglass areas.

We need a self-motivated and enthusiastic individual to join our team. If you're looking for a change in your life, can work well with others and are up for the challenge of learning new skills, then you may be the right person for us.

Full-time Job

Right now, we are looking for a **Foam Injection operator** (full-time):

- Assist with the buoyancy foam injection process, and take the lead when needed
- Pick-up and drop-off trailer boats within Invercargill
- Carry out maintenance tasks on the injection machine and foam room
- Assist with fibreglass or other departments within our company

Please note we are hiring based on Attitude, not just Skills.

- An excellent work ethic, a passion for quality and a 'can do' attitude is essential.
- Applicants must be physically fit, enthusiastic and reliable
- Skills and experience with fibreglass/composites would be an advantage.

Pay + Benefits

- On-the-job training for foam injection process (and for fibreglass laminating/repairs)
- Competitive pay, depending on qualifications and experience (some overtime possible)
- Modern PPE (Personal Protective Equipment) provided
- All staff benefit from Trade Discount schemes and Workplace Health Checks

To Apply:

Go to our Fi Innovations website and complete the online Application Form by 8 October 2021

<https://f-i.co.nz/about-us#ju>

You will need to upload your CV, plus a Cover Letter.

Applicants are required to have:

- NZ residency or a valid NZ work visa.
- Car drivers' licence (valid in NZ)

About Us:

Fi Innovations is a New Zealand leader in 3D plastic printing and resin-based processes. Based in Invercargill, we are a family-owned business which specialises in a wide range of services, including:

- Fibreglass + Composite manufacturing/repairs
- Expanding foam buoyancy
- Resin flooring + protective industrial coatings
- 3D Print advanced manufacturing and CAD design
- Polymer resin casting
- Shipwright boat repairs + maintenance

Our culture

- Our Vision is “to be world class through innovative thinking and manufacturing excellence”.
- Our Core Values are Excellence, Innovation, Integrity, Passion, Respect, and Teamwork.
- F-I is committed to providing a safe and supportive work environment, using the best equipment in well-maintained conditions.

Our achievements

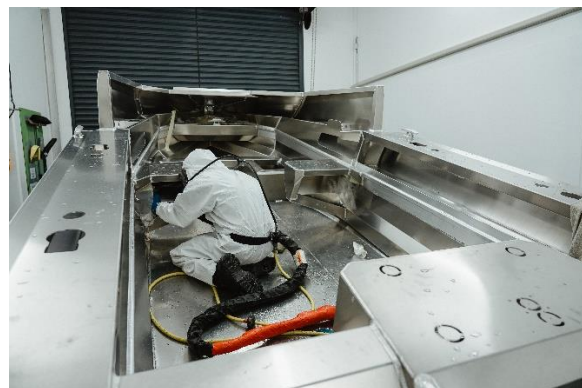

We have won numerous business awards, including the 2017 Supreme Southland Business award, the 2018 Export award, and the 2019 Safety award.

More info:

Watch the Fi Innovations video to get an idea of what our award-winning teams do - fibreglass, resin flooring, industrial coatings, polymer resin casting, commercial boat repairs, expanding foam and industrial 3D printing.
